

A Report on Remedial Classes

Objectives:

The main objective to have conducted these classes was to help the weaker students understand the subjects clearly:

- ✓ In a small-group, it is much easier to encourage participative and student-centred learning.
- ✓ The group provides both support as well as peer pressure which motivates members to perform better.

The purpose here was to remove any gaps that may have been left in the due course of lecture:

- ✓ Due to the provision of greater opportunity for interaction, the teacher is better able to assess student needs and promote deeper learning and the development of a number of skills.

To give a platform for students to improve the performance level:

- ✓ Opportunity for interactive discussions and explanations between students focused on articulation of both argument and supporting evidence.

Last but not the least

“Never stop learning because life will never stop teaching”

Conclusion:

- ✓ The remedial classes facilitated learning of weaknesses and strengths using guided peer interaction.
- ✓ These classes and follow-up questions facilitated to focus on a specific problem.
- ✓ The remedial classes also gave impetus for students to learn well through these revised sessions.

Attendance of Extra Classes for Slow Learners.

Batch: 2018-19

Program: Remedial classes

Semester: MBA 1st SEM

Subject Title...S.M ...Statistics...for...managry......

Name of the Faculty.....Ms. Vijayalakshmi.....

Time: 2.00-4.00PM

Topics Discussed:

- Role of statistics
- Time series analysis
- Index Numbers
- Probability
- Estimation Theory and Hypothesis Testing
- Chi-square test
